

Musique Cordiale Academy

3 – 10 August 2013

Continuing the tradition of the Music Academy for young musicians as an integral part of the annual International Musique Cordiale Music Festival, this season we are offering an enhanced programme for young players of orchestral instruments for capable students aged between 13 and 17. The students will receive private instruction and coaching in chamber music. All players will perform in a chamber music concert and the strings will perform with the Musique Cordiale Orchestra, each student playing next to a professional player. This will also allow students to collaborate with other young musicians participating in Musique-Cordiale from several of the Arts universities, conservatoires and music schools of Europe. *(Main working language will be English: French, Dutch & German also spoken. Voertaal is Engels: Frans, Nederlands en Duits ook gesproken).*
